

INVITATION TO SYMPOSIUM 22 May 2018

Embedding Innovation in Healthcare – Opportunities and Challenges

Please be invited to participate in a symposium on “Embedding Innovation in Healthcare”, organised by the Faculty of Health and Medical Sciences, University of Copenhagen, in collaboration with Deakin University, Australia.

Aim of the symposium:

The symposium will provide a unique opportunity to exchange and explore issues and developments in Digital Health and its impact on patient care. It will enable new insights by bringing together leaders, researchers and clinicians from Australia and Denmark, committed to improving health and well-being. The symposium will provide practical opportunities to resolve critical issues and strategies to impact policy in order to innovate and embed health systems that institutionalise high quality patient care. The programme also aims to promote partnerships between universities, government, non- government organisations, healthcare institutions, industry and other relevant professionals and stakeholders to address healthcare innovation challenges.

The symposium will include participants from academia, government, industry, and the wider policy community. The symposium programme is attached.

Time and place:

May 22 2018, 9:00-18:00
Maersk Tower, Nielsine Nielsen Auditorium,
Blegdamsvej 3B, Copenhagen N

Registration

[Please register here](#) by 9 May, 2018. Participation is free of charge.
